- ✓ water for all your countless water uses/needs
- ✓ water at less than 1000th of the price of bottled water
- ✓ the best tasting tap water in the Caribbean

POTABLE WATER FOR DEVELOPMENT

Every day of the past year, the National Water Commission spent billions of dollars delivering nearly 200 million gallons of potable water to more than 2 million consumers across Jamaica's mountainous terrain.

We served more than 400,000 legal customers islandwide.

We also served more than 1/2 million Jamaicans with central sewerage services in 12 of our 14 parishes.

During the year, we operated a network of more than 11,000 kilometres of pipelines connected to more than 160 underground wells,

116 river sources and 147 spring sources.

We continue to do this every day, because we are committed to contributing to Jamaica's national development and to the achievement of a better quality of life for all.

We still have many challenges and there are still some targets that we have not met as yet. But we are always committed - because we know the connection between water and Jamaica's progress and prosperity.

Serving you in so many ways

The Knoll Song

To the tune of "Mine Eyes have seen the Glory.."

Thank God for Dinthil Legend
 She's the mother of us all
 Her graduates are serving in
 Endeavours bold and small
 They are toiling and are moulding
 From the shores far and near
 Their deeds are fair and true

Refrain

Facta Non Verba is our Pledge (Repeat two times)
 A promise proud and blessed

The founding fathers vision of
 Jamaica land we love
 Of Agriculture, Engineering, Home Ec
 and Business
 Our pledge to heritage we must
 For future sake and growth
 The tradition of our school

Written by Dennis M. Clarke Principal 2011

Message From the Minister of Education

**Senator The Hon. Ruel Reid
Minister of Education,
Youth and Information**

Here we are once again amid the excitement and heightened expectation for the staging of another Dinthill Technical fundraising dinner/dance. I take great pleasure on this occasion to reiterate for the public record, the highest expression of appreciation to the Jamaica Chapter, for your outreach and commitment to the well-being of the students of your alma mater.

In pursuing the growth and development goal for the nation as well as the advancement of individuals and their families, education is an absolute necessity. No country's prosperity and success can take place without the education of its people and this Government will remain steadfast in supporting, creating and enhancing opportunities for learning for the improvement of the nation

I am encouraged when organisations like yours not only recognize this importance but take the steps needed to make meaningful contributions to the lives of others through educational support.

While Jamaica has made good progress toward universal literacy, the country remains focused on achieving world class education status as outlined in our Vision 2030 National Development goals. This is a necessary objective if Jamaicans are to be empowered and achieve their full potential.

I wish your special event to raise funds for continuing your noble cause, every success and that the Dinthill Technical High School Alumni Association will continue to reap God's richest blessings in all its future endeavours.

Message From the Mayor

His Worship the Mayor
Cllr. Norman Scott
Mayor of Spanish Town

“Manliness consists not in bluff, bravado or loneliness. It consists in daring to do the right thing and facing the consequences, whether it is in matters social, political or other. It consists in deeds not words.”
Mahatma Ghandi

Once again I am truly honoured to share with my colleagues with whom I have this special bond – that of being a recipient of a solid secondary level education from one of Jamaica’s best Technical High Schools:

Dinthill Technical High. This noble institution has made an indelible mark on the lives of thousands of Jamaica’s students having equipped us with requisite skills that have allowed us to maximize our potential in various fields.

As this year’s theme suggests, we are prepared to stand with the leadership of this dynamic institution so that the brand “Facta Non Verba” can be strengthened. The rich legacy of our school can only be made greater when the hands of all players are on deck. This is a brand that is worth building so that others who will receive the opportunity to be a part of the Dinthill family will reap the benefits of what we have created. This ‘building’ is a process that must continue. With each achievement, there will always be new advancement so that the quality of education at the institution can improve. We will not depend solely on assistance provided by government, or charitable organizations; hence we will implement feasible strategies that will build the Dinthill brand, and surpass other institutions in Jamaica, the Caribbean and the world..

The remarkable achievements of our students over the years are a clear indication of the commitment we have to building our brand. I congratulate all our top achievers and encourage others to be best they can be. The Almighty in His wisdom has endowed us all with diverse skills and abilities, hence no one needs to feel threatened or intimidated by the accomplishment of others. We are all expected to be the best we can be – a feat which can only be achieved through hard work, commitment and dedication.

As we forge ahead, let us remain resolute that we will never forget our roots, but will in any way we can contribute to the advancement of this institution to which we owe so much. This we will accomplish through Deeds and Not Words.

Message From the Custos

Rev. The Honourable
Jeffrey A. McKenzie CD. JP.
Custos Rotulorum St. Catherine

I wish to extend my congratulations to the Dint Hill Technical High School Alumni Association for your invaluable contribution to your alma mater through your fund raising efforts under the theme "Building the Brand "Facta Non Verba". Your unstinting service and philanthropic deeds through your "act of giving back" will be well rewarded by the students whose lives you have impacted and the community which you have uplifted.

It is said that those who volunteer have hearts of gold, and volunteering takes a sheer selfless sense of wanting to give back to the community. Every effort you have made towards building the foundation of someone else's life in the present, will influence other lives in the future. Thanks for volunteering and giving your school the most precious thing, your time and talent. I wish you every success as you continue *Building the brand*.

Message From the Chairman

Mrs. Valerie Neita-Robertson Q.C
Chairman,
Board of Management

It is a pleasure to be appointed Chairman of such a prestigious Institution whose core values, aims and objectives are tailored to produce a well-rounded student with endless possibilities, capabilities and above-average competence.

At Dinthill, practicality reigns supreme, which is evidenced by an academic programme that is now largely technical-based although agriculture.

The study of Agricultural Science in our schools is of paramount importance in the growth and development of the economy of our country which is endowed with natural resources that need to be harnessed judiciously for the satisfaction of mankind.

Dinthill boasts a comprehensive curriculum which includes Engineering, Home Economics, and Technical Vocation, to name a few, in which the students continue to excel. The knowledge and skills imparted at Dinthill through the detailed syllabi, equip students to succeed in a competitive workforce.

Performance this year is commendable as we have topped Jamaica in Home Economics, Agricultural Science and Technical Vocation.

In the extra-curricula arena, the performance in football has been outstanding, Track and field is improving, and this will serve to provide a ladder for students to receive scholarships to pursue Tertiary education to further their education and open even more doors of opportunity.

I look forward to working with the Principal and dedicated staff to improve the facilities and we will continue to make the school-environment student-centric.

Email: ifslimited@yahoo.com

(Beside the Tiger Mart Gas Station)

Message From the Principal

Mr. Lloyd T. Fearon
Principal

On behalf of the Board of Governors, Members of staff and students I extend warmest greetings and congratulations to the Dinthill Technical High School Alumni Association, Jamaica on this your significant milestone of celebrating your third anniversary banquet. You truly embody the School's Motto: *Facta Non Verba*, "Deeds not Words".

It is with a sense of immense mixed emotion that I pen this report. As a school, we have experienced the joys of victories and triumphs as well as tragedies during the 2015-2017 and growth academic years. The year 2015-2016 saw the school body being plunged into mourning resulting from the deaths of Mr. Everton Samuda and Mrs. Bridget Fearon Douglas both teachers, Miss Lorraine McTaggart a member of the ancillary staff and Shemar Mitchell a grade eleven student. Additionally, for medical reasons, I was on a leave of absence from December 2016 to April 2017. However, the operation of the school was ably lead by Mrs. Monica White who acted as Principal.

The happiness, of which I spoke earlier, began with the medical contingent of doctors, chiropractors as well as dentists from the Florida Chapter of the DTHS Alumni Association, who graciously flew to Jamaica and provided free medical services as well as refreshment to approximately 800 students. Thus, the school year began on time with us adhering to the mandates from the Ministry of Education of no school fee being charged to the parents instead they were asked to voluntarily make a monetary contribution. This was limited in scope and saw us operating the first term of school with financial constraints.

Despite the challenges our students continue to excel tremendously. In the 2016 Food and Nutrition CAPE Examinations we were awarded first, second and third place in Jamaica. This year eleven of our students, the largest number to date was honored for their outstanding performance in their CSEC/CAPE. We also copped the award for top student in the Technical Vocational Area. This award was given to Julienne Gonzales who received 9 ones, among those were three distinctions for English Language, Mathematics and Food and Nutrition.

It should also be noted that our Agriculture Department under the leadership of Mr. Overton Grant continues to excel with us placing first in two seasons for the Caribbean Broiler's Chicken project and the revamping of the STEM programme which resulted in the green house and open field projects expanding.

We as a school community extend heartfelt gratitude to each and every member of the of the Dinthill Technical High School Alumni Association, Jamaica for your unreserved commitment, contribution and selfless-sacrifice to our school as we continue to cater to the holistic needs of the nation's children entrusted to our care.

We also use this opportunity to wish you a very successful banquet and as you celebrate may the vision you have for our school be embedded in the core of the association.

President's Report

Mr. Orett Parker
President

Dear Friends and Colleagues

Presently, I am serving my second term as President of the Dinthill Technical High School Alumni Association, Jamaica (DTHSAA), I am humbled, honored and privileged to lead this prestigious Association.

I am deeply grateful to the Executives and all the Committees; specifically, the Planning and the Public Relations Committees for their outstanding contributions during 2016-2017. They inspired me by their commitment to the Association. Indeed, the growth of the Association has been propelled collectively by individuals who served on the various Committees to continue this important work towards fulfilling our Mission which is embodied in our motto: "*Facta Non Verba*" (Deeds not Words). They are truly a dedicated group of individuals, who give of their time and efforts voluntarily in order to give back to our Alma Mater. We

are indebted and grateful to C&WJ Credit Union and Ernst & Young Chartered Accountants for offering their facilities free of cost to conduct our monthly Executive Meetings. We therefore, encourage the younger past students to become active members of the Association and serve on the various Committees.

With God's help and the dedicated support of the team, we are celebrating our third term of renewal. We look forward to the successful staging of our Annual Fundraising Weekend of Activities for 2017, under the theme, "***Building the Brand Facta Non Verba***". On behalf of the Executives I am pleased to highlight the following members who worked assiduously to assist the Events and Magazine Committees in making this occasion possible: Ms. Coleen Beecher – Planning Committee, Mr. Wayne Stanbury – Chairman, DTHS Trust Fund/Planning Committee and Ms. Maxine Newell – Public Relations Committee. I would also like to make special mention and say a big thank you to Mr. Oliver Samuels, Ms. Jem Myers and Jabez for their contribution to our events. These individuals gave freely of their profession for the benefit of our Alma Mater.

The Association has a long list of achievements over the past three years. During my tenure (two-year term) the Executive Committee focused on the following:

- Reestablished the new Board of Trustees
- Finances and accounting are back in a good standing
- Membership recruitment, although not at the level expected, the drive still continues
- Protocol/Parliamentary – completed the revision of the Association's Constitution
- School Affairs – On-going collaboration with the School's Administration
- Entertainment Events – successful planning of our annual fundraising activities; namely: Dinner/Dance, Back in Time Session 3 at The Deck, New Kingtson and Benefit Play
- Public Relations – kept the Association informed and the production of the Association's Magazine
- Welfare – forging alliance with the school's Guidance Counsellor to determine areas of needs

President's Report

Continued

- Development of the Past Students Association's website
- Establishment of a Secretariat at the school to serve all our members and the other Alumni Association Chapters

The Association's bank account has a substantial balance due to the healthy financial returns from the numerous fundraising events. We are hopeful that the bank balance will increase even further with your support of our Annual Fund Raising Weekend of Activities. Our next fundraiser is "**Back in Time Session**" at The Deck, New Kingston in November or December of this year we look forward to your support.

We must applaud the faithful alumni who maintains a active membership status by paying their yearly dues. Nonetheless, we are disappointed by the number of in-active members. We encourage all past students to sign-up and become active members so that we can do much more for our Alma Mater. The annual membership fee is only J\$2000.00; therefore, I am encouraging all past students to get involved so that we can assist our Alma Mater in more substantial ways. I am using this medium to make an appeal for everyone to assist with the recruitment of new members. Without active members the Association is destined to fail. We have established a Secretariat at the school to accommodate the needs of our members and make it easier to keep in touch.

Our main objective is to provide positive role models, professional development and financial support for the current students. In this regard, we encourage all students to perform to their full potential by taking advantage of the academic resources provided. The Association's contributions to the school over the years are as follows:

- Hosting the Annual Awards Function at the school by presenting prizes and trophies to more than 200 students and teachers
- Financial assistance to the Quiz Club
- Financial assistance to students in need
- Financial assistance to the Football Team
- Assisted with the upgrade of some bathroom facilities for students and teachers
- Award of prizes at the Annual School's Graduation Exercise

As volunteers, we are cognizant of the fact that our stewardship involves giving freely of our time, talents and treasures to make this Association a success for the benefit of our younger generation. Our Alma Mater has created the foundation which is epitomized in our Motto: 'Facta Non Verba' (Deeds not Words) let us continue on that path to unselfishly give of ourselves. As we celebrate this year's Fund Raising Event (Dinner Dance), I wish to thank all our invaluable supporters. A very special thanks to our major sponsors and all the owners of companies who are Past Students for their generous donations in support of this event.

My heartiest congratulation to the honorees who will be recognized this year.

Message

Mr. Jeffrey Mason
President New York Chapter

On behalf of the Board and members of the Dinthill Technical High School Alumni Association, New York Chapter, I extend warm greetings to the Jamaica Chapter as it hosts its annual Fundraising Banquet under the team: Building the Brand “Facta Non Verba”.

We must continue to cultivate the culture of living the brand by incorporating it in our daily lives. The brand should be readily identifiable with all alumni of Dinthill not only because we attended Dinthill, but because it is our way of life. It is the deeds that counts, not the words. This maxim extends beyond Dinthill’s alums. So it is befitting that the brand be built as you continue to work diligently and tirelessly to support and uplift our noble alma mater.

I applaud your efforts and your perseverance in staging another yearly weekend of activities to raise funds for the benefit of Dinthill. I wish you tremendous success on all three events planned.

Message

Collette Rankine-Johns
 President Georgia Chapter

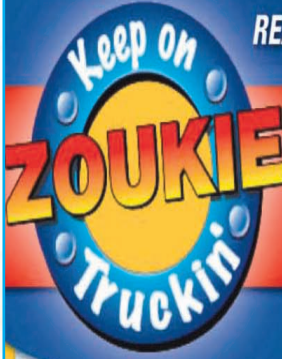

Hats off to you, on achieving another milestone which clearly demonstrates your integrity and dedication to our Alma Mater! This year's theme "Building the Brand Facta Non Verba" is very fitting to the work Dinthill Technical High School Alumni Association, (DTHSAA) Jamaica chapter, has been doing.

You must be commended for your continuous sponsorship towards various events such as the Past Students' Awards, the school's quiz team, football and athletics team, assisting with refurbishing projects, conducting audit of the school's facilities, ensuring the Trust Fund is functional as well as establishing the Alumni Association Secretariat and a Mission and Vision Statement which have made a tremendous impact and enabled our school to maintain its record of achievement.

While cognizant of the needs and issues of our school, we are confident that together we can work to address them as well as identify and provide resources needed to help our students become the best they can be and also benefit the community in which they live and work.

The Georgia Chapter is pleased to extend sincere congratulations and best wishes to your members and supporters on this very special occasion "**Facta Non Verba Weekend celebration**". We reaffirm our continuing interest and support as we work together to make a difference and strive to uphold the motto of our alma mater- "**FACTA NON VERBA – DEEDS NOT WORDS**".

READY TO SHIP TO CARIBBEAN COUNTRIES

Your satisfaction is the driving force behind everything we do.

Zoukie Trucking offers hurricane-proof accommodation containers to clients

ZOUKIE TRUCKING Services Limited, Jamaica's largest container transporter, has expanded its offerings to clients by introducing hurricane-proof accommodation containers.

These units can be used for office space, single or two-bedroom homes, or can be designed and fitted to your specifications.

By using modern materials, the units are insulated and lined internally. Heavy-duty construction, watertight gaskets around swing doors, equipped with two hinges positioned on the internal side and security features provide protection for you and your property.

Accommodation containers are fully converted to form comfortable but secure accommodation with windows, electrical fittings, high level of fire resistance, key entry system and are also available with furniture, kitchen and toilet facilities. The units can also be double stacked with staircases if your location is restricted for space.

EXTRAS

- 2300mm and 2700mm internal height
- ISO fork-lift pockets, dim. 88 x 340mm in a distance of 2050mm
- Resin floor covering 1mm thick
- High-quality PVC flooring
- Wood flooring ('parquet')
- Antihumidity mineral wood
- Air conditioning 220V 9000BTU (split or window type) or 220V 12,000BTU/18000BTU (split type)
- Smoke detector
- UK and US sockets, double thickness wiring
- Windows with tilt and swing mechanism

- Venetian blind or sun shade for windows

- Double door

- Connection kits for long and short side.

We also offer used steel shipping containers that can be used for additional storage, or can be converted similarly to the accommodation units.

Zoukie Trucking Services Limited offers transportation and placement of either our accommodation units or steel containers for storage. We offer a same-day service as we have a fleet of container-handling equipment and tractor heads for delivery.

Don't hesitate to contact us for further details or to visit our locations to view our units. We will also do site inspections free of charge to advise you on placement and possibilities.

One storey-container.

Message From the Events Planning Committee

Miss Carron Hylton
Chair

This committee deems it a pleasure to serve our alma mater through our involvement with the Dinthill Technical High School Alumni Association Jamaica (DTHSAAJA). Our commitment to Dinthill is unwavering and so we give willingly of our resources with the hope that it redounds to the benefit of the school and enables greater successes to subsequent generation of students. This year, in order to bridge the divide between our 'senior men/women' and their 'grubs' and 'grubesses', we have included in the magazine some of our outstanding alumni from the firties and sixties that you might otherwise not known to be a prodigy of Dinthill.

This committee has not had the luxury of respite since last year as we must get off to the earliest start each administrative year – we being charged with the responsibility to initiate and orchestrate activities for fundraising as well as to build camaraderie among the alumni body through social interactions. We are grateful to God for the energy and resourcefulness He has afforded us. The Public Relations Committee, who have done an outstanding job led by Andrea McCook collaborates closely with the Events team. The combined team are Angelina Brown – the valuable one, Lincoln Russell – the wise and experienced, Fred Sutherland – the exchequer, Cornel Bent – DTHS School's Challenge Quiz' Co-ordinator and Coach and the IT specialist. The entire Alumni Executive as well as Wayne Stanberry – Trust Fund Chairman and others all morphed into one team when events planning heightens

For the past three years, since the revival of the association, we have sought to plan an event for each quarter beginning with our "Back In Time" oldies party round about November, which has become a staple and an anticipated event by our now regular patrons. This is usually followed by a Christmas social in early January. The second quarters have seen the plays - Basil Dawkins' starring our own Oliver Samuels. In the third quarter, comes our flagship event and major fundraiser – the annual awards and recognition dinner and dance, This third-quarter event has grown into a weekend of activities, which includes the Friday Evening 'meet and mingle' lyme and the Sunday brunch. These sweeteners have been well received especially in light of the fact that they allow for us to socialize in a less formal and more relaxed atmosphere, and they come at no extra cost to you. The Annual General Meeting (AGM) is our major event for the last quarter and this is usually held in September or October. I encourage all alumni to anticipate these events and endeavour to participate. You may take the initiative, even, to enquire of them from the Secretariat.

Our AGM has still not seen the number of attendees that would make us happy and as a result, we have not had many new members on board nor significant growth in paid-up membership. I hereby encourage all alumni in attendance at this evening's event to join in the effort to build the alumni association by bringing on board at least one new member, who will pay the membership fee of Two Thousand Dollars (J\$2,000.00) as well as participate in all our activities. The extent of our assistance to Dinthill is directly proportional to the success of our fundraising activities; and such success of our events rest squarely on the number of persons who support us. Your support can be given in many ways so we encourage you to liaise with us via the Secretariat, so we can advise how best to assist at given points in time. I further encourage all alumni to feel free to seek out sponsorship for our events as well as advertisements for our magazines. The success of your efforts in this regard will significantly boost the profitability of our flagship event.

I take this opportunity to express on behalf of the DTHSAAJA our sincere appreciation to all who have contributed in one way or another to the success of all our activities for the year. To all our sponsors, to the individuals and companies who placed advertisements in our magazine, to the media houses who donated advertising space and time, to those who contributed in other forms, and to you all for just being here, we are truly grateful. As a team, we are guided by that brand we seek to build - "facta non verba"

ARLINGTON 'ARLIE' DYER

Arlie tenured as a student at Dinthill in the years 1957 to 1960 during the days of Dinthill Practical Training Centre when the curriculum catered to a three-year program. Subsequent to the firm foundation established at Dinthill, his quest for knowledge through education and training took him far afield and saw him participating in a number of short courses that were offered by international agencies across the globe. Arlie was a man for the future – he looked through a global prism and ensured that his formal education prepared him for globalization. He gained his degrees and certifications from universities across the world. So from the prestigious Mico to Universities of Toronto and Alberta in Canada, to Kenshure Technical Institute in Germany and then to Oklahoma State Department of Technical/Vocational Education and Training. Such and more have been Arlie's pathway in academia. Along the way, he has secured several scholarships and fellowships.

Arlie's career path saw him primarily as an educator. He functioned from within the classroom and from without. In the classroom, he served for twenty-seven (27) years and the balance of his service to education through his various positions within the Ministry of Education, where he retired as Assistant Chief Education Officer. Arlie's avocation seemed to have fed into a favourite pastime of his - his love for travel. He travelled widely, spanning the continents with the exception of Africa,

He has a penchant for service, which saw him holding professional membership and leadership in a slew of organizations among them are both local and international associations of technical/vocational education and training, The Mico Alumni as well as the Dinthill Alumni. Numerous boards of management have benefitted from his service and expertise, some of which are the Caribbean Examination Council, College of Agriculture, HEART Trust/NTA and Dinthill Technical High School. Despite the foregoing, Arlie found time for his citizens' association and cricket..

"We Install"

Honourees

MARCIA ALYSIA KIRBY

She is a 1970 graduate of Dint Hill Technical High School and a foundation member of the Association. She has been active with the Dint Hill Past Students' Association, Jamaica Chapter and has held many offices on the Executive of the Association.

She currently works with the Development Bank of Jamaica (formerly the Agricultural Credit Bank) and was instrumental in the sponsorship of the following at the school:-

- Launch of the Adopt-a-School Agricultural Programme in 2006 under the theme "Nurturing Our Youth in Agriculture" where the school was the beneficiary of the first "Green House" which was destroyed by Topical Storm "Gustav".
- Another "Green House" after the first was destroyed.
- **Was recognised by the school at its 70th Anniversary function for contribution to the school.**
- Have supported the activities of the school and Association over the years.

A very dedicated individual she is committed to complete whatever task is assigned as her motto is "I can do all things through Christ who strengthens me".

GLADSTONE GARFIELD CARTY

Mr. Gladstone Carty served as the Principal at Dint Hill Technical High School during the years 1986 to 1998 and saw significant improvement in academic performance and growth in the school population. He was at the helm in the post Hurricane Gilbert era and saw to the rebuilding and expansion of the Agricultural Department with improved technology. Under his leadership the collaboration with CB Group began and a well-utilized biogas production facility came into operation.

Miconian of worth, having been awarded the Mico Gold Medal for outstanding service, and who, also, served as vice principal of that noble institution before his reign at Dint Hill. He is the consummate educator and his work history confirms this. He served as Chief examiner with the Caribbean Examination Council (CXC), he has been involved in Module Writing Workshops in Trinidad and Tobago and was integral in the development of the CXC Technical Proficiency Syllabus at the University of Technology. As Principal at Dint Hill, many remembered and respected his empathetic and encouraging approach to both staff and students. He maintained a professional yet friendly relationship with the staff and was able to detect when they had challenges. He was keen on problem-solving and was known to inject humour as a mean of easing any tension.

Mr. Carty is married to Doris and is father to a daughter and two sons, who are Dint Hill Alumni. He is committed to his family, friends, colleagues and students – loyalty and dedication are characteristics that are attributed to Him by those within that circle. The Lions Club as well as the Anglican Church have benefitted immensely from his service and expertise. No doubt, he continues to find ways – even in retirement - to assist in the process of nation building.

School's Achievement

“Maintaining excellence through hard work and integrity” was the motto that permeated the atmosphere over the past two years as the Dinthill Technical High School cementing its brand globally. It deemed to be one the most successful period of achievements and accreditations. This section solidifies the extent to which we must be proud of the ‘Facta Non Verba’ brand. Dinthill remains among the institutions whose students have attained national recognition in the Caribbean Advanced Proficiency Examination (CAPE) and Caribbean Secondary Examination Council (CSEC) examinations copping national awards and quality passes in external exams in one sitting.

In 2015, we copped national wards in the following subjects for CAPE examinations:

- Agriculture Unit 2: first, second, and third place;
- Food and Nutrition: third place;
- English Literature: second place.

For CSEC we were especially proud of the following recognition:

- Agriculture – Double Awards: second and third places.

Two of our students were awarded at the national level for their outstanding performance in the number of subjects and quality of passes in one sitting. They are:

- Tijani Fearon - twelve subjects;
- Britney Campbell – nine subjects.

Fast forward to 2016/2017 the trend continued and more excellence prevailed throughout other areas of academic and extra coda activities. The following summarizes these achievements:

- Dinthill receive an Automated Extend Defibrillator (AED) courtesy of Bickles and the New York Alumni Chapter.

- The School received Language & Science Text Books courtesy of the PTA body.
- Speech Club won eleven (11) awards at the JCDC competition.
- Music Club gained (5) medals in JCDC music competition.
- Cultural Heart Arts Sport and Education (C.H.A.S.E) Fund donated musical items to the Dinthill Music Programme.
- Eleven (11) of our students got national awards on the CSEC/CAPE 2016 sitting.

The Dinthill Technical High School Quiz Team Journey to Success ...

School's Achievement

The goal was set, the stakes high and much anticipation approaching the 48th season of TVJ's Schools' Challenge Quiz Competition 2017. The Dinthill Technical High School Quiz team was poised for excellence as the preparation for battle began in early July, aspiring to be champions was not an easy feat as the team diligently and earnestly sacrificed their lives for competitive battle. The team consisted of Kevon Walker (captain), Micah Henry, Trina-Gaye Campbell, Demario Hall and Davey-Ann Dixon. Mighty men and women of valour who rose to the occasion to lift the Dinthill banner and to further

build the brand "Facta Non Verba". The team was skillfully guided by the expertise of our esteemed past students Mr. Cornel Bent (Head Coach), Mr. Javonne Brown (Technical Coach), Mr. Odain Hudson (Technical Trainer/Advisor) and Ms. Donna Hill (Team Manager).

Ranked as the 21st seeded team our first round encounter deemed challenging was against the 44th seeded team Edwin Allen High of which we triumphed 21- 18 to secure a passage through to the second round. Our next face off was against cooperate area favorites Jamaica College the number 12th ranked team. The energy mounted, the intensity increased to see us triumphant with a 31-26 victory over our most worthy opponents. Advancing to the third round we then went up against the number 5th seeded team Champion College with hopes of securing Quarter Finals. Unfortunately, we were defeated 35-11 in a spirited battle of dignity and pride.

Salute to the Seniors

Dr. Sephlin Myers-Thomas- Graduating batch of 1965

Sephlin Myers attended Dinthill during the years the school was given status of Technical High School and was still offering boarding to male students while it was under the leadership of C.V.Philips. She is the first of the five (5) members of

her family who attended Dinthill. She was an active member of McNeil House in both athletics and Netball. Her education and training continued in various institutions to fit her into roles and functions in the education system in Jamaica. These include; The Caenwood Junior College, Mico College, University of the West Indies, Mona, University of Pittsburgh - USA, Mt. St. Vincent University, Canada. She holds a Doctorate in Christian and Pastoral Counselling (DCC), from the Andersonville Theological Seminary, in Camilla, Georgia, USA.

Her services were engaged at various levels in the Jamaican education system, which includes; teaching and

being an Education Officer in the Ministry of Education. She was involved in supervision of schools at the Primary and Secondary levels. As a Senior Office, she held the post of Standards and School Improvement Officer as well as worked on projects implemented by the Government of Jamaica and the United States of America. She retired as an Assistant Chief Education Officer. And she left active service in the field of education after giving 42 years. At that point she was the Manager of the Student Assessment Unit.

She currently provides consultancy services to the National Education Inspectorate as a Lead Inspector of Schools, and with the National College for Educational Leadership as a Contract Assessor. She also offers services to other institutions in the areas of Assessment and Evaluation. She is a Marriage Officer in the Parish of St. Andrew; seeing her offering counselling services as well. She is the Pastor of the Upper Room School of Faith, located at Suite #15, 95 Maxfield Avenue in Kingston. She is blessed with forty-three (43) years of marriage and four children. She is the recipient of the JTA's Golden Torch Award.

Rudolph (Ruddy) Daley

Rudolph (Ruddy) Daley is the owner and Managing Director of Plantscape Limited/Tropical Foliage Limited. He is a trained Agriculturist who attended Dinthill during the period 1956 to 1959. He is a graduate of the Jamaica School Of Agriculture, the University of the West Indies and the

Louisiana State University Agricultural and Mechanical College. His experience in Horticulture is spread over Forty Seven (47) years and the following are some highlights of his career:

- Designing of the landscape for the new Jamaica House grounds and assisted with the installation.
- Designed, built and managed an hydroponics farm -the Hydroponics Garden in the Bahamas (While in The Bahamas, he served as President for the Freeport Jaycees in 1965)

- Managed a Foliage plants export operations – Tropiculture Limited – and assisted in the designing and the laying out of the farm. This company was one of the largest and most successful ornamental plant exporting company in the Caribbean – exporting to U.S.A., Canada, England, Holland and Germany and achieved exportation of over Forty Million cuttings in one (1) year.

In July of 1982 Ruddy Daley formed his own company, Plantscape Co. Limited and later added a plant exporting company – Tropical Foliage. This company has established itself as one of Jamaica's most outstanding plant production, landscaping and Interiorscape, producer of ornamental plants and plant rental company. Plantscape/Tropical Foliage produces many types of Palms, flowering and shade trees, shrubs, bedding plants and interior foliage plants. He may be contacted at telephone 978-0054 or by e-mail at millbee@cwjamaica.com.

The Alumni Association benefits from Mr Daley's generosity in many ways but particularly by his provision of plants for decoration at all our events for several years.
